NEW LOONEY TUNES

BRAND NEW EPISODES!

WEEKDAYS, 5:45PM FROM SEPTEMBER 4

Delightful Bugs Bunny lives a life of leisure due to the popularity of the carrot peeler that he invented. He spends his time watching sports on TV, hanging out with his friends and neighbours, and dating Lola Bunny. Unfortunately Daffy Duck is not so fortunate. Daffy has no way of earning money and relies on Bugs for food and shelter. He has tried on numerous occasions to get rich quick but ends up failing repeatedly with hilarious consequences.

Follow the classic mismatched pair on their slapstick adventures all through September.
