BE COOL SCOOBY DOO

BRAND NEW EPISODES

MONDAY-THURSDAY, 4:30PM FROM OCTOBER 2

Scooby Doo and the gang are back in BE COOL SCOOBY-DOO! The beloved classic is back with a modern comedic twist. With high school over and one last summer to live it up, the gang hits the road in the Mystery Machine, chasing fun and adventure. But monsters and mayhem keep getting in the way.

This time, the gang is working as hard to solve their own personal problems as they are in solving the endless, mind-bending mysteries that await them. So what's new with the gang? Fred aspires to be the world's greatest detective, but he's struggling to control the chaos inside the van. Velma's got the mind of a computer and the social skills of ... a computer. As a girl of privilege, Daphne is a wide-eyed innocent and a danger magnet for whom the world is an obstacle course, but she's armed with unshakeable optimism and a unique skill set acquired from the world's finest finishing schools. As for Shaggy and Scooby-Doo? They are still as "brave and heroic" as ever with their well-known survival instincts, offbeat wit and improvisational skills matched only by their insatiable appetites.

So grab your Scooby snacks, and get ready to have a blast!
