BEN 10 ALIEN WORLDS SHORTS

BRAND NEW SPECIAL

WEEKENDS, 10AM FROM NOVEMBER 4

These 10 x 1 minute travelogues offers a detailed look at each of Ben's alien's forms!

The never-before-seen footage uncovers secrets from each alien world: Watch as the Tetramands go head-to-head inside massive gladiator arenas and the Pyronites perfect their pyrokinetic powers whilst hanging over the gnarliest rivers of lava.

We also go deep into the Kinet planet which is dominated by spectacular electrical storms and the home of the Kinecelerans (where XLR8 is from!). To combat the inclement weather, younglings must complete the Running of the Gauntlet, a most epic retrieval of the gliders worn on their feet. Traversing the desolate terrain at high speeds to reach the lair of a Kinet Molluscarx, the young one must obtain the creature's precious pearl if they are to fulfil this Kineceleran rite of passage.

Explore the planet Arburia, the premiere vacation spot of the cosmos. Arburia is not only a sandy paradise, but home to the Arburian Pelarotas, the race Cannonbolt belongs to. Twelve excruciatingly long hours of work and school stand between the spherical species and a day at the beach— spent perfecting their cannonball!

This is just a taste of some of the worlds you will explore in Ben 10: Alien Worlds.
