LEGO FRIENDS

BRAND NEW EPISODES

FRIDAYS, 5:00PM FROM MARCH 2

Animal lover Mia, musical Andrea, inventor Olivia, organizer Stephanie and art-loving Emma are always happiest side by side, having fun on adventures in their hometown, Heartlake City. Together they explore their different interests, learn about the world and discover that they are stronger when they unite together.

In these brand new episodes, we see the girls visit Mia's grandparents' ranch. Olivia accidentally knocks down the neighbour's barn and the girls promise to raise money to rebuild it, which means they have to learn to set aside their differences and work together to make good on their promise.

Watch these fun loving, friendship strong episodes as part of Boomerang's Dream Squad.
